05 February 2016

Dear Parents/Carers,

It has been brought to our attention that a black Audi A4 has been stopping students on their way to school and asking them to get into the car.

The male driver has been promising an X-Box to anyone who gets into the car.

This matter has been reported to the police but we wanted to make you aware of the incident so that you could ensure that your son or daughter is extra vigilant when travelling to and from school.

Form tutors have been asked to raise this with their tutor groups and outline safe behaviours should anyone find themselves in this situation.

We are encouraged that our students acted so responsibly and reported this matter straight away.

Yours sincerely,

Mrs Kerry Kernan
Vice Associate Headteacher
